

Anubhav Agarwal

Third Year CSE Core Student at VIT Vellore

STRENGTHS

Resilience

To be calm and keep my cool is one of my greatest forte, I tend to show perseverance and work with a positive attitude even in the most serious and stressful situations, eventually finding the most optimal solution.

Team Player

Cooperation amongst all is what can be the backbone of the success of a goal, which when is properly dealt with, can be a contributing factor to one's personality.

Collaborative Ability

Being an open – minded person aids me to comprehend the various ways to talk to people and convince them for the best from the situation.

HOBBIES

Communication & Learning

I love to communicate with different and new people, and try to know them and learn as much as possible from them. This not only improves creative thinking, but also eventually it helps me to understand more about people's behaviour and thinking patterns.

Solving Puzzles & Coding

During my free time I like to solve different types of puzzles found on the internet and sometimes I use it to solve coding problems on CodeChef.

PROJECTS

Chatbot working On the Basis of Corpus and A.I

Our chatbot imports the corpus, pre – processes the data and with the help of tokenization it replies to the user with the best solution or information it can based on the corpus. We used user classification, user sorting and additional help and hereby deal with solution.

School Database and Management System

A basic system to manage and access the available data for a school by its users or even the employees.

Library Administrative System

A website to help the working of the administration of a physical library and helping convert the physical library to an E – Library.
